Books Descriptions

This entry in the popular Little Bit Of series introduces the age-old study of numerology. Through the energetic power of numbers, it's possible to gain insights into the core of who we are and what specific gifts and challenges we are here to master. Practicing numerologist Novalee Wilder provides an overview of the ancient esoteric system of numerology, including its history and origins. A step-by-step guide shows how to calculate your essence by examining the numbers 1 through 9, and using the results to explore your personality, understand essential life lessons, and figure out goals. Wilder also discusses the concept of name vibrations, the Numeroscope (a numerologist's greatest tool), understanding others through numerology (using famous figures throughout history as examples), and applying this knowledge to your daily life.
