## Books Descriptions

Airbrushing is a simple technique using compressed air which, when passed through the airbrush itself where it is mixed with either paint or ink, delivers a smooth and even coat to virtually any surface. Self-taught airbrush artist, Giorgio Uccellini guides beginners and intermediate artists through the entire process with clear step-by-step photographs and text; from setting up a studio/workspace, planning and drawing, equipment and techniques, surfaces and presentation and more. It also includes 20 inspiring projects, varying from portraits to fantasy themes.
