## Books Descriptions

A colorful guide to the most significant Chinese AFVs deployed in the modern era. ? With 7,450 vehicles, China today has by far the largest number of armored fighting vehicles of any army in the world.?Chinese Tanks & AFVs explores the main battle tanks, armored fighting vehicles, armored personnel carriers, self-propelled guns, and missile-launching platforms in service since 1945, with an emphasis on the latest technology. Organized historically by type, the entries include the Type 98 and 90 tanks, the Type 80/85/88 held in reserve, and the Type 99 used by elite battalions?as well as the YW-306 self-propelled rocket launcher and the PLA PLO 100mm assault gun. Illustrated with expert profile artworks for each entry and complete with technical specifications, this detailed reference guide is a must for modelers and enthusiasts with an interest in modern military technology.
