Books Descriptions

Highly respected in the field, *Diagnostic Cytology and Hematology of the Dog and Cat* is the complete resource for developing the knowledge and skills you need for clinical laboratory diagnostics. Detailed illustrations and descriptions of cytologic and hematologic samples allow you to diagnose both common and uncommon diseases in dogs and cats. Microscopic evaluation techniques and interpretation guidelines for organ tissue, blood, and other body fluid specimens give you a basic understanding of sample collection and specimen preparation. In addition, algorithms are generously distributed throughout the text, helping you evaluate various cytologic preparations. Over 1,300 vivid, high-resolution images help you identify normal vs. abnormal cells, enabling you to make accurate diagnoses. User-friendly, detailed instructions guide you through in-house laboratory evaluation as well as the submission and transport of samples for culture and commercial laboratory interpretation.
