By Chimamanda Ngozi Adichie

---

A powerful statement about feminism today from "one of the world's great contemporary writers" (Barack Obama), the author of *Americanah* and *We Should All Be Feminists*. A few years ago, Chimamanda Ngozi Adichie received a letter from a childhood friend, a new mother who wanted to know how to raise her baby girl to be a feminist. *Dear Ijeawele* is Adichie's letter of response: fifteen invaluable suggestions--direct, wryly funny, and perceptive--for how to empower a daughter to become a strong, independent woman. Filled with compassionate guidance and advice, it gets right to the heart of sexual politics in the twenty-first century, and starts a new and urgently needed conversation about what it really means to be a woman today.
