Books Descriptions

John Lennon, 1980: The Last Days in the Life traces the powerful, life-affirming story of the former Beatle's remarkable comeback after five years of self-imposed retirement. Lennon's final pivotal year would climax in several moments of creative triumph as he rediscovered his artistic self in dramatic fashion. With the bravura release of the Double Fantasy album with wife Yoko Ono, he was poised and ready for an even brighter future only to be wrenched from the world by an assassin's bullets. John Lennon, 1980 isn't about how the gifted songwriter died; but rather, about how he lived.
