Books Descriptions

From the creator of Dilbert and author of *Win Bigly*, a guide to spotting and avoiding loserthink: sneaky mental habits trapping victims in their own bubbles of reality. If you've been on social media lately, or turned on your TV, you may have noticed a lot of dumb ideas floating around. "We know when history will repeat and when it won't." "We can tell the difference between evidence and coincidences." "The simplest explanation is usually true." Wrong, wrong, and dangerous! If we're not careful, loserthink would have us believe that every Trump supporter is a bigoted racist, addicts should be responsible for fixing the opioid epidemic, and that your relationship fell apart simply because you chewed with your mouth open. Even the smartest people can slip into loserthink's seductive grasp. This book will teach you how to spot and avoid it--and will give you scripts to respond when hollow arguments are being brandished against you, whether by well-intentioned
