Books Descriptions

Moomin Book One is the first volume of Drawn & Quarterly's publishing plan to reprint the entire strip drawn by Jansson before she handed over the reins to her brother Lars in 1960. This is the first time the strip will be published in any form in North America and will deservedly place Jansson among the international cartooning greats of the last century. The Moomins are a tight-knit family of hippo-shaped creatures with easygoing and adventurous outlooks. Jansson's art is pared down and precise, yet able to compose beautiful portraits of ambling creatures in fields of flowers or on rock-strewn beaches that recall Jansson's Nordic roots. The comic strip reached out to adults with its gentle and droll sense of humor. Whimsical but with biting undertones, Jansson's observations of everyday life, including guests who overstay their welcome, modern art, movie stars, and high society, easily caught the attention of an international audience and still resonate today.
