Field & Stream Magazine called the first edition of this essential book: 'The longtime bible of knots and knot tying.' New lines and leaders, new knots, and new nomenclature required a completely new book - and this is the full-color successor, a book that all owners of the original Practical Fishing Knots will surely want. Graced with the exceptionally clear line illustrations by Rod Walinchus, now in full color, this book is a must for all fishermen - fresh and saltwater, fly, bait, and spinning - who want the clearest possible instructions on how to tie all the essential knots that hold.
