## Books Descriptions

The first volume of the graphic adaptation of Yuval Noah Harari's smash #1 New York Times and international bestseller recommended by President Barack Obama and Bill Gates, with gorgeous full-color illustrations and concise, easy to comprehend text for readers of all ages. One hundred thousand years ago, at least six different species of humans inhabited Earth. Yet today there is only one—homo sapiens. What happened to the others? And what may happen to us? In this first volume of the full-color illustrated adaptation of his groundbreaking book, renowned historian Yuval Harari tells the story of humankind's creation and evolution, exploring the ways in which biology and history have defined us and enhanced our understanding of what it means to be "human." From examining the role evolving humans have played in the global ecosystem to charting the rise of empires, *Sapiens* challenges us to reconsider accepted beliefs, connect past developments with contemporary concerns, and view specific
