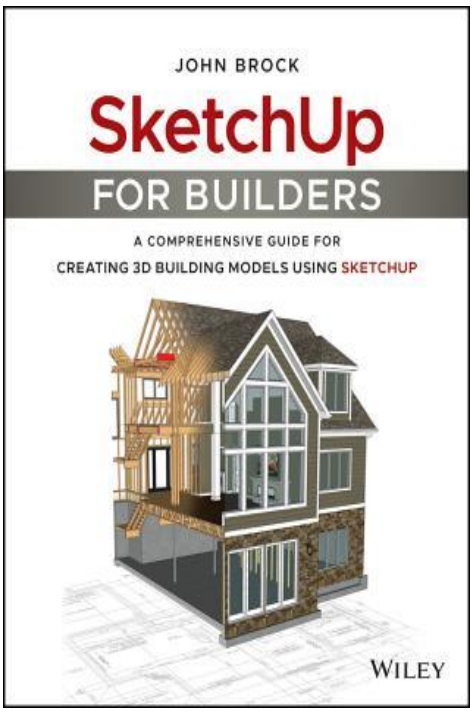
Bucher abrufen Sketchup for Builders: A Comprehensive Guide for Creating 3D Building Models Using Sketchup

By John G Brock



DOWNLOAD READ ONLINE

The only comprehensive SketchUp guide written for builders and contractorsSketchUp is a 3D modeling application used in areas ranging from civil and mechanical engineering to motion picture and video game design. Three-dimensional modeling is of obvious value to the building industry--yet resources for transforming architectural designs into reality is surprisingly limited. SketchUp for Builders is the first comprehensive guide designed specifically for builders and contractors, providing step-by-step instructions on incorporating 3D modeling into all phases of the construction process. Author John Brock draws from his 30 years of experience as a custom home designer and builder to provide practical advice on how to understand what you are building before it is built. This valuable guide demonstrates how to eliminate cost overruns, construction delays, and design flaws by integrating SketchUp modeling into your workflow.Emphasizing real-world practicality, this book covers all of the
