By Rosalie Bent

All around the world, parents are discovering their teenagers are trying out diapers and some of them keep wearing them long after they are toilet trained or cease to wet the bed. It is not a new phenomenon, but it is increasingly becoming a frustration and a fear among parents who simply don't understand it. But this is not the time to panic or be concerned. Rosalie Bent methodically explains how to handle your teen and their diapers. Hard and fast rules and simply forbidding it, will not work, but in this book you will find some understanding and some tools for dealing with this unusual behaviour responsibly and effectively. This classic 54 page book - "So, your teenager is wearing diapers..." - takes parents through the why and how of dealing with this as responsible adults. The diaper issue doesn't need to be a huge parent/child argument or a source of constant conflict or confusion.
