'This is an essential read for every gay person on the planet' - Elton John
Straight Jacket is a revolutionary clarion call for gay men, the wider LGBT community, their friends and family. Part memoir, part ground-breaking polemic, it looks beneath the shiny facade of contemporary gay culture and asks if gay people are as happy as they could be? and if not, why not? Meticulously researched, courageous and life-affirming, Straight Jacket offers invaluable practical advice on how to overcome a range of difficult issues. It also recognizes that this is a watershed moment, a piercing wake-up-call-to-arms for the gay and wider community to acknowledge the importance of supporting all young people? and helping older people to transform their experience and finally get the lives they really want.
