---

The definitive, hugely influential comparative history of the English, American, French and Russian revolutions from a renowned American scholar. "Classic" and "famous," *The Anatomy of Revolution* examines the patterns and processes that all revolutions share. "Such is [Professor Brinton's] wit and historical knowledge that what might have become a syllogistic hash in lesser hands turns out to be a keen and perceptive exposition and, like a well-conducted seminar, sets the mind of the reader racing off on its owns." --The New Yorker
