Books Descriptions

There's a huge problem in the commercial real estate business that nobody is talking about- DUE DILIGENCE. Investors are leaving big money on the table by not learning these important principles. Most investors, real estate brokers and commercial real estate professionals barely scratch the surface conducting their due diligence. How do I know this? I've spent over 31 years helping investors buy and sell over 9 million square feet of properties and witnessed the practices of professional and small investors. It wasn't until I became an acquisition executive and learned some humiliating and expensive lessons because "I didn't know what I didn't know." After all the stress and sleepless nights, I'm sharing my "step by step" system, "The Due Diligence Handbook For Commercial Real Estate." You will learn how to avoid simple mistakes with costly consequences, create more value and much more essential information. This book is currently one of the top selling and highest rated commercial
