Flower arranging has never been simpler or more enticing. The women behind Studio Choo have created a flower-arranging bible for today's aesthetic, filled with an array of stunning, easy-to-find flowers and hundreds of step-by-step photos. The 125 arrangements run the gamut of styles and techniques: some are wild and some are structured; some are time-intensive and some are astonishingly simple. Each one is paired with a "flower recipe"; ingredients lists specify the type and quantity of blooms needed; clear instructions detail each step; and 400 photos show how to place every stem. Readers will learn how to work with a single variety of flower to great effect, and to create vases overflowing with layered blooms. To top it off, the book is packed with ideas for unexpected vessels, seasonal buying guides, a source directory, a flower care primer, and all the design techniques readers need to know.
