Books Descriptions

From tissue-fitting pioneers Pati Palmer and Marta Alto comes a new book whose title says it all: *The Palmer/Pletsch Complete Guide to Fitting: Sew Great Clothes for Every Body! Fit Any Fashion Pattern*. It's been 20 years since their last book about fitting and altering sewing patterns, *Fit for Real People*. For Palmer and Alto, that means 20 more years of hands-on learning and experience from fitting more "real people" of all shapes and sizes from around the globe. Having long ago dispensed with tedious measuring or making a muslin to check the fit of a sewing pattern, the authors have mastered the process of tissue-fitting. This means simply "trying on" the pattern's tissue pieces to check systematically for where to alter the pattern for a custom fit. The pattern pieces themselves become the "muslin." "Systematically" means following the tissue-fitting sequence they've developed and refined. It's a no-guess order of fitting that ensures success. The book reinforces this sequence
